Muhammad Shafa Ullah

background:

I'm **Muhammad Shafa Ullah** from Pakistan and my family is very important to me. I belong to a middle-class family living in Durhatta Tehsil & District Lodhran. They always encourage me to learn and follow my dreams. In school, I loved subjects like math and science. I have completed my master's degree from the Islamia University of Bahawalpur.

I'm excited to keep learning and growing in school and at work.

Muhammad Shafaullah

MERN Stack Backend Developer

Strong understanding of asynchronous programming, event-driven architecture, and handling of concurrency in Node.js applications. < \>

Drones | Blogging | Coding

Future Plans:

I am **Muhammad Shafa Ullah**, a passionate individual eager to pursue a job as a Mern-Stack backend developer focusing on Restful API and Data Express JS. My interest in backend development was sparked by completing a 6-month program at TICER. I am to immerse myself in research and learning to develop innovative Web solutions that positively impact society.
